Financial Policy and Chiropractic Active Life Plans

We are committed to providing you with the best chiropractic care possible in a caring environment and have established our financial policies to achieve that goal. You will be expected to pay for your chiropractic care at the time the service is rendered unless you arrange an Active Life Plan in advance. Active Life Plans include Corrective Adjustment Plans (CAP), and Wellness Adjustment Plans(WAP)with monthly and prepay options. These Active Life Plans are designed to be the most cost effective way to keep you and your family as healthy as possible. Details of these plans will be discussed with you during your Chiropractic Report.

- Health Insurance:** Frequently, insurance plans provide limited chiropractic benefits which can cover some of the fees for your care. We accept BC/BS, CIGNA, CBA and Medicare. If your insurance is not one of these, please inquire with us as to whether we can accept your policy. You will be expected to pay for your care at the time of service until your insurance benefits are verified by our office staff. If you are like most of our patients and choose to participate in one of our Active Life Plans, the amount of any deductible or co-pay that you are responsible for can be included in your plan to simplify your payment process. We will discuss this option with you during your Chiropractic Report.
- Payment at the Time of Service:** We encourage our practice members to pay at the time of service, as it is the simplest and most economical way to pay for your care. Payment can be made at the time of each visit, or to speed up your appointments, monthly and yearly Corrective and Wellness Adjustment Plans are available as well.

Receipts for tax purposes or a health savings account (HSA) indicating the total amount you have paid for chiropractic care during the year are available upon request.

I have read and I understand the above policies. I have initialed the one that applies to me.
